

# City Montessori School, Lucknow

## Syllabus 2024 – 2025

### Class I

S.No.	Subject	Page Number
1.	Moral Education	3
2.	English	4
3.	Hindi	9
4.	Mathematics	12
5.	Environmental Studies	14
6.	Art & Craft	16
7.	Computational Thinking & ICT	16

### AIMS AND OBJECTIVES

#### MORAL EDUCATION:

1. To enable the students to develop good habits and character right from childhood.
2. To enable the students to learn basic manners and etiquette.
3. To enable the students to know and practice certain values like caring, sharing, generosity, friendliness, thankfulness, cooperation etc. during their growing years.
4. To enable them to appreciate the beauty of the creation and to be grateful to its creator (God).

#### ENGLISH:

1. To develop in pupils the ability to express themselves in intelligible and acceptable forms of English.
2. To encourage fluent self-expression – in speech and writing.
3. To develop the habit of micro-skills of listening.
4. To develop the ability to read aloud intelligibly and to read silently with understanding.
5. To form enduring reading habits and to extend the range of their ideas by the reading of factual and imaginative writing.
6. To enable the students to appreciate the literary work of various writers.
7. To enable the students to develop their phonetics, pronunciation and voice modulation skills.
8. To develop an elegant cursive handwriting.

#### HINDI:

1. To impart the knowledge of the structure of the language.
2. To enable the students to use idioms and phrases appropriately through their regular use and practice.
3. To develop the ability to use difficult literary terms appropriately and pronounce them correctly.
4. To enable the students to understand and to speak flawlessly.

#### ENVIRONMENTAL STUDIES:

1. To help the children to understand the world they live in.
2. To develop the qualities of cooperation, generosity and sympathetic outlook.
3. To develop the love for nature, travels and knowledge about other countries.
4. To develop a scientific attitude in the learners.
5. To acquaint the children with the wonderful achievements of science.
6. To provide basic knowledge of the things around us.

#### MATHEMATICS:

1. To develop the skills in mathematical computations and calculations.
2. To develop a scientific attitude to analyse any situation logically.
3. To develop the ability of presenting a thought with exactness and brevity.
4. To enable the pupils to put forth arguments when convinced about their correctness without hesitation.
5. To help the children to appreciate the geometrical and symmetrical shapes of the natural objects.

*If you don't aim at something, you will never hit anything. – El. H. Christiano*

**CLASS I**

**COMPUTATIONAL THINKING & ICT:**

1. To develop logical and analytical thinking.
2. To enable the students to comprehend the concepts and practices of computer studies.
3. To help the students to comprehend and to apply the fundamental concepts.
4. To develop the detailed insight of applications of computer.
5. To develop the ability to solve problems using both structured and modular approach.

22	Verbs (-ed)
23	Will
24	Have, Has, Had
25	<b>Comprehension</b>
26	<b>Composition</b>
	<b>January</b>
27	Prepositions
28	<b>Comprehension</b>
	<b>February</b>
29	<b>Composition</b>
30	<b>Comprehension</b>
	<b>Revision</b>

**Note:**

1. During continuous assessments the grammar topics taught in the previous months may also be assessed for 2 marks.
2. All grammar topics to be taught through stories, comprehension passages (preferably cloze passages), poems, songs, etc. Skill based exercises should be taken up.
3. The teachers may refer to 'Anytime English Grammar and Composition-1 (Candid – Happy Time Series)' to give additional practice for the prescribed grammar topics.
4. Comprehension and Composition should be reflected in the language notebook. A separate notebook for 'Creative Writing' is **not** required.
5. Conversation may be practised with the learners throughout the year.
6. To enhance the writing skill of the learners the teachers may refer to page nos. 35-64 of the supplementary reader **Guided Reading Program student book 2**.

**Primary Children's Reading Programme**

We all know the value of reading. Reading involves the recognition of words and the understanding of their meaning. The more a child reads, the more it enriches vocabulary, feeds imagination and improves written and spoken expression. Indeed, since English is a second language for us, reading is a wonderful way to immerse our children in the language. Immersion, as we know, is how we all learnt as toddlers and little children.

*If you don't aim at something, you will never hit anything. – El. H. Christiano*

**Salient Features of the Reading Programme**

- To encourage the reading habit, the children are provided with a set of selected storybooks as part of the class library.
- The children may be allowed to read their own books in addition to those provided as part of the class library.
- Students can keep a record of the books read in the pages provided in the school diary.
- Children can be encouraged by rewarding them on the basis of the number of books read.
- Children may be encouraged to read online on the CMS Reading app.

**ENGLISH**

**(Fitzroy Reading Programme)**

- Name of the Textbook:**
1. Fitzroy Readers Stories (11-20)
  2. Fitzroy Word Skills 2 (Enlarge Edition)
  3. Poetry Anthology – Grade 1

**Authors:** Faye Berryman and Phillip O' Carroll  
**Publisher:** Saar Education (I) Pvt. Ltd.
